

Ride-on scrubber-dryer SDR-90 - operator manual

Document sdr-90-operator-manual · revision 2 · effective 2026-02-02

Machine type:

Intended use

The Ride-on scrubber-dryer SDR-90 is a battery machine for indoor hard-floor cleaning. Do not use it to pick up liquids other than cleaning solution, and never use it to recover flammable liquids.

Controls

- The deck lever raises and lowers the pad deck. Raise it before reversing.

- The solution

Daily operation

1. Walk the area and remove loose debris and obstacles before starting.

2. Overlap

Filling and emptying

1. Fill the solution tank to 150 litres with clean water below 50 C. Hotter water shortens tank and seal life without cleaning better.

2. Add deter

After use

1. Drain and rinse both tanks.

2. Record t

Cautions

- Never open the battery compartment while the charger is connected.

- Do not ho
